you want to speak? Those in favor of the amendment say aye, those opposed no, amendment carries. What will we do with the bill Senator Marsh?

SENATOR MARSH: I move this be passed on to E&R initial. This will require the Nebraska educational television commission to maintain a film library about Nebraska historical figures, and as legislators we are historical figures too, Senator Carpenter I appreciate your amendment very much, this was designed so that some of the film clips which are now currently on tape can be put permanently on film including those of Maria Sandoz, some of the historical figures who are no longer with us. I move this be advanced.

SPEAKER: The question has been called for, those in favor of LB 306 vote aye, those opposed vote nay. Senator Whitney voting aye.

CLERK: Senator Whitney voting aye.

SPEAKER: Have you all voted? The Clerk will record.

CLERK: 28 ayes, no nays, 1 not voting, 21 not voting.

SPEAKER: The bill is advanced. The next bill on general file is LB 307. The Clerk read the title.

CLERK: Title Read LB 307. There are lengthy committee amendments by Senator Warner's Education Committee.

SPEAKER: The Chair recognizes Senator Warner.

SENATOR WARNER: Mr. President, I move adoption of committee amendments. Essentially what the committee amendment does is the same essentially as the way the bill was, originally introduced, except that the bill as originally introduced amended the sections of the law dealing with higher education and it was felt that it was more proper to be in the sections of the law dealing with veteran affairs and the other part of the amendment struck the, language referred as the old Sidney and the Milford Trade School, and provides the same tuition waivers for those attending community colleges, Senator Marsh probably could speak on the amendment because that would also explain the bill in total, I would state that it was testified at the hearing that, as I recall they estimated a probability of eight students, if I remember correctly, that would possibly come under this act, so with that explanation Mr. President, that suggests that you recognize Senator Marsh.

SPEAKER: The Chair recognizes Senator Marsh.

SENATOR MARSH: I move that we adopt the amendment.

SPEAKER: Did you want to explain the amendments any further, Senator Marsh?

SENATOR MARSH: I think the Chairman of the Committee did a very admirable job.

SPEAKER: Those in favor of the committee amendments say aye, those opposed say no, the committee amendments are adopted. The Chair recognizes Senator Carpenter.

SENATOR CARPENTER: Can I ask Senator Warner a question? In, as the bill amended does that provide for all schools of higher learning?

SENATOR WARNER: All institutions of higher learning that's operated by the state, the University, the State College system
